AGREEMENT

This is an AGREEMENT, made and entered into this 26th day of August, by and between the NORTH COW CREEK SCHOOL DISTRICT (hereinafter referred to as "District") and the NORTH COW CREEK TEACHERS UNIT OF SHASTA COUNTY TEACHERS ASSOCIATION, CTA/NEA (hereinafter referred to as "Association").

WITNESSETH that:

WHEREAS, the parties hereto desire to facilitate the peaceful adjustment of differences that may from time to time arise between them, to promote harmony and efficiency to the end that the District, Association and the general public may benefit there from, and to establish fair and equitable wages, hours and other terms and conditions of employment for certain hereinafter designated employees of District,

NOW, THEREFORE, the parties hereto do agree as follows:

ARTICLE 1 **PREAMBLE**

- 1.1 The parties acknowledge the provisions of Chapter 10 (Sections 3540 et seq) of Division 4 of Title 1 of the Government Code of the State of California.
- 1.2 The District is engaged in rendering services to the public, and the District and the Association recognize their mutual obligation for the continuous rendition and availability of such services.
- 1.3 District's employees shall continue to perform loyal and efficient work and service for the District and shall use their influence and best efforts to protect the properties of the District and its service to the public and shall cooperate in promoting and advancing the welfare of the District.

ARTICLE 2 **RECOGNITION**

- 2.1 The District confirms its April 4, 1976, voluntary recognition of the North Cow Creek Teacher's Association, CTA/NEA as the exclusive representative of that unit of Certificated employees. The unit excludes all other employees such as management, supervisory, confidential, substitute and classified employees.
- 2.2 The District recognizes the right of the Association, subject to California law and the Education Code, to impose an agency fee for all teachers.
- 2.3 This Agreement applies only to District employees in the above representation unit.

ARTICLE 3
DISTRICT RIGHTS

- 3.1 It is understood and agreed that the District retains all its powers and authority to direct, manage and control to the full extent of the law. Further, it is agreed by the parties that District Rights include the following: (a) the full and exclusive control of the management of the District. (b) The supervision of all operations, and means of performing any and all work. (c) The control of the property and the composition, assignment, direction and determination of the size and the work hours of its working forces except as otherwise provided by this Agreement. (d) The right to determine the work to be done by employees. (e) The right to introduce new or improved operations, methods, means or facilities. (f) The right to establish budget procedures and financial allocations. (g) The right to hire, schedule, promote, transfer, evaluate, lay off and increase the work hours of part-time employees. (h) The right to suspend, discipline and discharge employees. (i) The right to contract out work to be done or services to be rendered, consistent with past practices. (j) The right to transfer work into or out of the bargaining unit, consistent with past practices. (k) The right to establish educational policies, goals and objectives. (l) The right to otherwise maintain an orderly, effective and efficient operation. The foregoing shall be limited only by the explicit and expressed provisions of this Agreement.
- 3.2 The District's exercise of its powers, rights, authority, duties and responsibilities; the adoption of policies, rules and regulations, and practices in furtherance thereof; and the use of judgment and discretion in connection therewith, shall be limited only by the specific and express terms of this Agreement, and then only to the extent such specific and express terms are in conformance with law.

ARTICLE 4
GRIEVANCE PROCEDURE

- 4.1 Any grievance which may arise between a grievant and the District with respect to the interpretation or application of any of the terms of this Agreement, except as otherwise provided in this Agreement, shall be determined by the provisions of this Article. "Grievant" as used in this Agreement is defined as an employee of the District.
- 4.2 Step One: The initial step in the adjustment of a grievance shall be a discussion between the Grievant or his/her representative and the Superintendent/Principal who will answer within ten (10) calendar days. This step shall be started within thirty (30) calendar days of the date of the action complained of, or the date the Grievant became aware of the incident which is the basis for the grievance.
- 4.3 Step Two: If a grievance is not resolved in the first step, the second step shall be the presentation of the grievance in writing, by either the Grievant or his/her representative to the Superintendent/Principal, who shall answer, in writing, within twenty (20) calendar days. The second step shall be taken within ten (10) calendar days of the date of the answer in Step One. The written presentation shall be a clear, concise statement of the grievance, the circumstances involved, the pertinent dates, the decision rendered at the previous step, the section of the Agreement alleged to be violated and the specific remedy sought.
- 4.4 Step Three: If a grievance is not resolved in the second step, the third step shall be referral by the Association to mediation within twenty (20) calendar days of the answer in Step Two. Whenever a grievance is referred to mediation, either party shall request that the California State Mediation and Conciliation service refer a State Mediator. The State Mediator shall assist the parties in the resolution of the grievance in the same manner as that which is normally used in the mediation of interest disputes.

Referral to Step Four shall not occur until the Mediator has released the parties from the mediation process.

- 4.5(a) Step Four: If a grievance is not resolved in the third step, the fourth step shall be referral by the Association to arbitration within twenty (20) calendar days of the conclusion of the mediation process.
- 4.5(b) An Arbitrator shall be appointed on each occasion that a grievance is submitted to arbitration. In the event the District and the Association are unable to agree on the selection of the Arbitrator, they shall request the State of California Mediation and Conciliation Service to nominate five (5) persons to be the Arbitrator. The District and the Association each will alternatively challenge two (2) of the nominees, the party having the first challenge to be determined by lot. The remaining nominee shall be accepted as the Arbitrator and his/her compensation and expenses shall be borne equally by the District and the Association. The District and the Association shall pay the compensation and expenses of their respective appointees and witnesses. At the Association request and expense, the District shall release employees from duty to participate in arbitration proceedings. Other expense items such as court reporters, transcripts, or room rent, shall be borne equally by the parties.
- 4.5(c) An Arbitrator shall hold such hearings and shall consider such evidence as to the Arbitrator appears necessary and proper. The recommendation of the Arbitrator shall be final and binding on the District, the Association and the Grievant, and shall not in any way add to, disregard or modify any of the provisions of this Agreement.
- 4.6 Failure by the Grievant or the Association to meet any of the aforementioned time limits will result in forfeiture of the grievance, except, however, that the aforementioned time limits may be extended by written mutual agreement.
- 4.7 Any employee may present grievances in accordance with this Article without the intervention of the Association, so long as the adjustment is reached prior to arbitration and is not inconsistent with the terms and conditions of this Agreement, and further provided that the District shall not agree to a resolution of the grievance until the Association has received a copy of the grievance and the proposed resolution and has been given the opportunity to file a response.
- 4.8 A grievance shall in no way interfere with the right of the District to proceed in carrying out its management responsibilities subject to a final decision on the grievance. In the event the grievance involved an order, requirement or other directive, the Grievant shall fulfill or carry out such order, requirements or directives, pending the final decision on the grievance.
- 4.9 All documents resulting from the processing of a grievance shall be filed in a separate grievance file and shall not be placed in any employee's personnel file.

ARTICLE 5

ASSOCIATION SECURITY

- 5.1 The District and Association recognize the right of employees to form, join and participate in lawful activities of employee organizations, and the equal alternative right of employees to refuse to form, join and participate in employee organization activities.
- 5.2 The District shall deduct from the pay of Association members and pay to the Association the normal and regular monthly Association membership dues, as voluntarily authorized in writing by the employee

5.3 Upon receipt of an employee's written notice of revocation of a previously authorized payroll withholding authorization for Association dues, the District will notify the Association's President.

5.4 Representation Fee

Any staff member who is not a member of the Association and who does not make an application for membership within thirty (30) days from the date of commencement teaching duties, shall become a member of the Association or pay to the association a fee in an amount equal to membership dues payable to the Association; provided, however, that the unit member may authorize payroll deduction for such fee in the same manner as provided for association members. In the event that NCCEA has notified the district that a unit member has not paid such fee directly to the association or authorized payment through payroll deductions, the district shall immediately begin automatic payroll deductions as provided in Education Code section 45061 in an amount equal to membership dues. Any dispute between a staff member and the Association over the amount of the representation fee shall be resolved consistent with current law including any applicable regulations and decisions of the Public Employment Relations Board.

There shall be no charge to the Association for such mandatory agency fee deductions. Notwithstanding any other provision of this Article, any staff member who is a member of a religious body with traditional tenets or teachings which include objections to joining or financially supporting employee organizations shall not be required to join, maintain membership in, or financially support any employee organization as a condition of employment; except that such employee is required, in lieu of payment of a lawful representation fee to the Association, to pay an amount equal of the lawful representation fee to a an authorized non-religious, non-labor organization, charitable funds exempt from taxation under Section 501 (c) (3) of Title 26 of the Internal Revenue Code. HOURS OF EMPLOYMENT

6.1 All full-time employees shall be scheduled to work one hundred eighty-six (186) days per school year, which includes one hundred eighty (180) instructional days, three (3) orientation/preparation days and three (3) staff development days. In the event that the funding for the staff development days is reduced or eliminated by the State of California, the number of days worked and compensation shall be negotiated.

- 6.2 The normal work day of all full-time employees shall consist of eight (8) hours. The work day shall begin at least thirty (30) minutes prior to the class beginning time. The District and the Association recognize that a teacher is a professional person and that the professional task of certificated employees involves considerably more than class instruction. The District and the Association recognize the importance of study and research to keep abreast of new knowledge and techniques of evaluation of students' work, and such key activities as lesson planning and preparation, record keeping, assisting and/or conferring with students, parents, staff and Superintendent/Principal, and completing assigned duties. Therefore, except as otherwise provided by this Agreement, each individual teacher may establish their own actual work starting and ending times on a relatively regular basis, subject to the knowledge of the Superintendent/Principal.
- 6.3 During the time pupils are in attendance, employees may be assigned duties in the supervision of children, at the discretion of the Superintendent/Principal. Such duties shall, wherever possible, be equitably distributed.
- 6.4 Minimum annual instructional minutes shall be as follows:

2014-2015

Kindergarten	35,000
Grades 1-3	49,000
Grades 4-8	52,500

Resuming 2015-2016

Kindergarten	36,000 minutes per year
Grades 1 – 3	50,400 minutes per year
Grades 4 - 8	54,000 minutes per year

The annual instructional minutes as set forth above shall not be reduced in the future. The District Superintendent/Principal shall establish the actual class schedule including starting and ending times as well as recesses and lunch periods after consultation with the Association.

- 6.5 All unit members shall be provided a forty-five (45) minute lunch period during each eight-hour day.
- 6.6 On work days of non-student attendance, employees shall report for duty as designated by the Superintendent/Principal.
- 6.7 Certificated employees are expected to participate in prearranged activities outside of the above work hours/days, including Back-to-School Night, Open House and school-wide or whole class activities or performances. Teachers are encouraged to attend after school activities and performances. Teachers shall be notified of any scheduled staff meetings at least one (1) day in advance of such meetings. Absences from the above duties require mutual agreement of the teacher and the Superintendent / Principal.
- 6.8 Minimum school days shall be established by mutual agreement between the parties as part of the annual school calendar. The parties shall accordingly meet and negotiate prior to April 1 of each year. The minimum days shall be consistent with the provisions of Section 6.4, above, and other applicable provisions of law, and shall total seven (7) unless otherwise mutually agreed.
- 6.9 Upon the prior approval of the Superintendent/Principal, each unit member may be granted paid released

time to visit and discuss classes in other area public school districts. The District shall provide a substitute to cover the classes of teachers granted such visitation time.

In any event, subject to class coverage, each teacher shall have the right to at least one (1) day of paid released time for verified visitation.

- 6.10 The District shall, contingent upon adequate financial resources, provide teacher preparation time. K-3 teachers will receive an average minimum of 30 minutes, 4-8 grade teachers will receive an average minimum of 40 minutes per regular school day, as the schedule allows. In the event that the District does not believe it has adequate financial resources to provide teacher preparation time, the District will provide documentation of the financial concern, and the parties will meet and consult on changes.

ARTICLE 7

EMPLOYEE EVALUATION PROCEDURES

7.1 PHILOSOPHY

The philosophy underlying these evaluation procedures is embodied in the following basic concepts:

- 7.11 The purpose of teacher evaluation is to improve the educational program in the North Cow Creek Elementary School District and to advance toward attainment of the District's stated educational goals.
- 7.12 The evaluation of teachers is viewed as a positive process, which is program and performance oriented, and not personally centered.
- 7.13 The evaluation of teachers, in all its facets, is seen as a cooperative effort and a shared responsibility between evaluatee and evaluator. Final responsibility for performing evaluative judgment and for signing evaluation forms rests with site administration, or designated administrator with direct oversight responsibilities of the evaluatee's program.
- 7.14 The teacher's evaluator shall take affirmative action to help the employee to correct any cited deficiencies. Such action shall include specific recommendations for improvement, direct assistance in implementing such recommendation, and/or released time for the teacher to visit and observe other similar classes in other schools.
- 7.15 Teachers shall not be required to participate in the evaluation and/or observation of other teachers. Teachers who are assigned as half-time teachers and half-time administrators shall participate in the evaluation and/or formal observation of other teachers.
- 7.16 If subsequent remedial action eliminates the negative evaluation and/or the identified deficiencies, at the evaluatee's request, the evaluation(s) citing such deficiencies shall be removed from the evaluatee's file after a period of thirty-eight (38) months following the completion of the remediation.
- 7.17 All teachers to be evaluated will be notified by October 1 of each school year. A list will be maintained by the District.

7.18 The summary evaluation of a unit member's performance pursuant to this Article shall not include the use of publishers' norms established by standardized tests.

In the event that laws or regulations including, but not limited to, those which impact funding require the District to modify the first sentence in this section (7.1) the language shall be removed or modified to be in compliance with law or regulation and any modification will be negotiated only to the extent specifically required by said law or regulation. Nothing in this section (7.1) shall prohibit teachers and administrators from having professional discussions about test scores including discussions about the scores of the students currently or previously taught by the teacher.

7.2 DEFINITION OF TERMS

7.21 Evaluation: A process that is composed of at least three parts. Those are:

- a. The written goals and objectives
- b. Observation(s), formal/informal
- c. A summary written evaluation

7.22 Evaluator: An evaluator shall be the site administrator with direct oversight responsibility of the evaluatee's program.

7.23 Goals and Objectives: A goal is an individualized plan that states what a unit member will strive to achieve as related to their instructional position during the school year. An objective is the method(s) to be used by the unit member to achieve the goals that have been established.

7.24 Observation: Observation is the basis for the summary evaluation as written by the site administrator. All other observations and supervision activities performed by other than the evaluator are not to be a part, either directly or indirectly, of the summary evaluation without the written permission of the evaluatee.

7.25 Informal Classroom Observation: Shall be a classroom visit of an unspecified period of time, with or without prior notification of the visit.

7.26 Formal Classroom Observation: Shall be at least 30 minutes to one (1) period in duration. Shall be preceded and followed by conferences between evaluator and evaluatee.

7.3 EVALUATION OF PERMANENT TEACHERS

7.31 Permanent teachers shall be evaluated once every other year. When a permanent employee has received a needs improvement or an unsatisfactory summary evaluation, the employee will be evaluated annually by his or her current evaluator until the employee receives a positive evaluation or is separated from the District.

7.32 By October 15, the evaluator shall confer with all permanent teachers being evaluated that year to establish in writing goals and objectives and may review site goals and the summary evaluation process.

7.33 During the year a teacher is being evaluated, the evaluator may conduct one formal observation to occur no later than April 30. Additional Formal observations may be scheduled if the evaluator and evaluatee agree or the evaluator indicates areas for improvement.

- 7.34 Not later than May 1 of the year that the permanent teacher is to be evaluated, the evaluator shall meet with the unit member and discuss his/her summary evaluation.
- 7.35 Unit members with permanent status and who have been employed at least ten (10) years with the school district, are highly qualified, as defined in 20 USC Sec. 7801, and whose previous evaluation rated the unit member as meeting or exceeding standards, may be evaluated every five (5) years if the evaluator and unit member being evaluated agree. The unit member or the evaluator may withdraw consent at any time. If the parties do not mutually agree, the process reverts back to C1 of this article.

7.4 EVALUATION OF PROBATIONARY TEACHERS

- 7.41 All probationary teachers shall be evaluated every year.
- 7.42 By October 15, the evaluator shall confer with all probationary teachers being evaluated that year to establish in writing goals and objectives and may review site goals and the summary evaluation process.
- 7.43 At least two (2) formal observations shall be conducted each year prior to February 1 of the current school year.
- 7.44 Not later than May 15 of the year that the probationary teacher is evaluated, the evaluator shall meet with the unit member and discuss his/her summary evaluation.

7.5 EVALUATION OF TEMPORARY TEACHERS

- 7.51 All temporary teachers may be evaluated every year.
- 7.52 The evaluator shall confer with all temporary teachers being evaluated that year to establish in writing goals and objectives and may review site goals and the summary evaluation process.
- 7.53 At least two (2) formal observations shall be conducted each year prior to April 30 of the current school year.
- 7.54 Not later than May 15 of the year that the temporary teacher is evaluated, the evaluator shall meet with the unit member and discuss his/her summary evaluation.
- 7.55 A determination that any temporary teacher has received a needs improvement or an unsatisfactory evaluation shall be recorded on the temporary teacher's evaluation form.

7.6 FORMAL CLASSROOM OBSERVATION

- 7.61 The provisions of this Article do not preclude other methods of evaluation and observation by the evaluator. Evaluators and evaluatees may suggest other methods of evaluation and observation which, if mutually agreed upon, will be utilized in the individual's process.

- a. A formal classroom observation shall be arranged by the evaluator and the evaluatee at least two (2) days in advance of the observation. This requirement may be waived at the discretion of the evaluatee.
- b. The classroom observation shall be preceded and followed by a conference during which evaluator and evaluatee shall discuss data relevant to the observation. The evaluator's observation shall be put in writing (Appendix B).

7.62 Formal classroom observations may be waived by mutual agreement of the evaluator and evaluatee.

7.7 WRITTEN SUMMARY EVALUATION

7.71 The summary evaluation may include at least one (1) formal classroom observation for permanent teachers and shall include at least two (2) formal classroom observations for probationary teachers.

7.72 The summary evaluation shall not be based solely on classroom observations.

7.73 The summary evaluation shall include recommendations or requirements, if necessary, as to areas of improvement in the performance of the teacher.

7.74 A copy of the written summary evaluation shall be presented to a permanent teacher by April 30 and to a probationary teacher by February 15.

7.75 Within thirty (30) days, the evaluatee may attach a written response to the summary evaluation before such evaluation is placed in the evaluatee's personnel file.

7.76 The written summary evaluation, goals and objectives, and observation forms will be jointly developed by the Association and the district and no other forms may be used for the purpose of observation and evaluation without mutual consent of the Association and District.

7.8 ALTERNATIVE EVALUATION FORM

7.81 Notwithstanding the above procedures, by October 15, the site administrator and permanent status teacher who is meeting or exceeding district standards may agree to utilize one of the following alternative evaluation procedures. The alternative evaluation procedure is intended to be a collaborative undertaking between the evaluatee and the evaluator based upon innovation and creativity to meet individual needs. Therefore, the following options are only examples (details of evaluation options will be provided to unit members). A specific plan for the option selected shall be developed by the evaluatee and the site administrator.

- a. Visitation/Co-Visitation: visitation may include observation of other teachers' classroom approaches, techniques, training, and/or in-service activity within or outside the District.
- b. Peer Observation/Coaching: All communications regarding the actual observation/coaching, including the results thereof, shall be exclusively between the peers.
- c. Feedback/Survey: The design of any instrument shall be agreed upon by the evaluatee and the evaluator. The results of the survey shall be available exclusively to the unit member.

- d. Analysis of student Work Over Specified Time: The purpose and design of the analysis shall be agreed upon by the evaluatee and the evaluator. The results of the analysis shall be available exclusively to the unit member.
- e. Video Training: All video materials shall remain in the exclusive custody of the unit member.
- f. Other: Other activities may be performed as part of the evaluation process as mutually agreed upon by the evaluatee and the evaluator.

7.9 Personnel Files

- 7.9.1 An employee may inspect material in their own personnel file, except materials which:
 - 1. were obtained prior to employment;
 - 2. were prepared by identifiable examination committee members;
 - 3. were obtained in connection with a promotional examination.
- 7.9.2 An employee may inspect materials in their own personnel file, with the exception of the above specified items, during the normal business hours of the District's Office, at times other than when the employee is required to render service. Such inspection may take place under the supervision of the Superintendent/Principal or designee.
- 7.9.3 No adverse comments, except the above specified items, may be placed in an employee's personnel file without allowing the employee an opportunity to review and comment thereon. The review and comment upon materials of an adverse nature shall take place during the normal business hours of the District's Office and at a time when the employee can be spared from duty, as determined by the Superintendent/Principal. The employee shall submit a request in advance to the Superintendent/Principal to leave the normal place of work during assigned duty times for such review and comment. Written comments from the employee regarding adverse materials are to be submitted for inclusion in the personnel file within thirty (30) working days of the initial review.
- 7.9.4 All material placed in an employee's personnel file shall be dated and signed by the contributor.
- 7.9.5 With written authorization from the involved employee, their representatives may inspect that employee's personnel file.

ARTICLE 8 **LEAVES**

8.1 Sick Leave

- 8.1.1 Employees employed five (5) full days per week shall be entitled to ten (10) work days leave of absence for illness or injury with full pay, for each school year of service. Employees employed less than five (5) full days per week shall be entitled to a proportionate amount of Sick Leave.
- 8.1.2 Employees may accumulate unused Sick Leave without limitation.

- 8.1.3 The District may require a doctor's verification as condition of payment of Sick Leave after an absence of five (5) consecutive days.
- 8.1.4 After all earned Sick Leave is exhausted, additional leave shall be available for a period not to exceed five (5) school months. The amount deducted during this leave shall be the amount actually paid a substitute employed to fill the position during the leave, or, if no substitute is employed, the amount which would have been paid to a substitute. An employee shall not be provided more than one five month period per each illness or accident. However, if a school year terminates before the five month period is exhausted; the employee may take the balance of the five month period in the subsequent school year.
- 8.1.5 When an employee's employment terminates and more Sick Leave has been used than earned, the amount used but not earned shall be deducted from the final pay warrant.
- 8.1.6 During any calendar year, unit members are entitled to use up to five (5) days of Sick Leave to attend to an illness of a family member of the employee. An additional five (5) days may be granted upon written request and approval by the Superintendent/Principal. For purposes of this provision, a "child" is defined as a biological, foster or adopted child; a step child, a legal ward or a child of a person standing in *loco parentis*; a "parent" is defined as a biological, foster or adoptive parent; a stepparent or a legal guardian.

8.2 Pregnancy Disability Leave

Any employee may utilize accumulated Sick Leave for the purpose of a disability related to pregnancy, miscarriage, childbirth and the recovery there from. The length of Sick Leave, including the date on which the leave shall commence and the date on which the employee shall resume duties, shall be determined by the employee and her physician, provided that such verification demonstrates to the District that such leave is for disability purposes. Such Pregnancy Disability Leave with pay shall be granted and administered in the same manner as other temporary disability for illness or injury.

8.3 Child Care Leave

- 8.3.1 Employees may be granted unpaid parental Child Care Leave of up to three (3) months for the purpose of preparing for and caring for a newly born or newly adopted child.
- 8.3.2 Request for such leave must be made at least thirty (30) work days prior to the requested beginning date in the case of a newly born child and as far in advance as possible in the case of an adoption.
- 8.3.3 Employees are eligible for one day paid leave on the day of birth or the take home day of their newly born or adopted child. Such leave shall not be deducted from Sick Leave and is not accumulative.

8.4 Industrial Injury and Illness Leaves

- 8.4.1 Employees shall be eligible for leave of absence because of work related injury or illness.
- 8.4.2 Allowable leaves shall be for not more than sixty (60) service days in any one (1) fiscal year for the same accident and shall commence with the first (1st) day of absence.

- 8.4.3 Leave of absence under this provision shall not be accumulated from year to year. When the Industrial Accident or Illness Leave overlaps into the next fiscal year, the employee shall be entitled to only the amount of unused leave due the employee for the same illness or injury.
- 8.4.4 Employees shall be paid such portion of the salary due them for any month in which absence occurs as, when added to the temporary disability indemnity under the California Labor Code, will result in payment to them of no more than their full salaries.
- 8.4.5 Leave of absence applied for under this provision shall be reduced by one (1) day for each day of authorized absence, regardless of a temporary disability indemnity award to the employee.
- 8.4.6 Industrial Illness and Accident Leave is to be used in lieu of Sick Leave. When entitlement to Industrial Illness and Accident Leave has been exhausted, entitlement to Sick Leave shall then be used. If an employee is receiving a temporary disability indemnity, the employee shall be entitled to utilize only so much of the employee's Sick Leave and vacation leave, which, when added to temporary disability indemnity, will result in a payment to the employee of not more than a full day's wage. The District in turn shall issue the appropriate salary warrants for payment of salary and shall deduct normal retirement and other authorized deductions.
- 8.4.7 Unless travel outside of California is authorized by the District, employees receiving benefits under this policy during a period of illness or injury shall remain in the State of California.
- 8.4.8 The District must require a written statement from a physician verifying an employee's absence under this leave and ability to return to work.

8.5 Bereavement Leave

- 8.5.1 An employee shall be entitled to a maximum of three (3) days (or up to five (5) days if out-of-state travel or one-way travel in excess of 350 miles from Redding) leave of absence without loss of salary for the death of any member of the employee's family, consistent with 8.1.6.

8.6 Jury Duty

- 8.6.1 Employees are entitled to leave to serve on a jury.
- 8.6.2 Employees receiving notice to appear for jury duty will notify the Superintendent/Principal by the next business day.

- 8.7.1 Employees may use a maximum of seven (7) days of ~~accumulated~~ Sick Leave in any school year for Personal Necessity.
- 8.7.2 All requests for Personal Necessity Leave shall be ~~in writing~~ submitted on the Absence from Duty form and presented to the Superintendent/Principal as far in advance as possible to ensure that arrangements for substitutes may be made. The employee need not state a reason for the

absence. Such requests shall state the period of time to be absent and indicate that the steps have been taken to ensure an adequate instructional program during the employee's absence.

- 8.7.3 Employees shall not be required to secure advance permission for leave taken for:
- a. Death or serious illness of a member of the family;
 - b. Accident involving the employee's person or the employee's property, or the person or property of a member of the employee's immediate family.

CERTIFICATED EVALUATION RUBRIC

NORTH COW CREEK School District

This rubric will be used as a basis for the Summary Evaluation

	Does Not Meet the California Standards for the Teaching Profession (1)	Infrequently Meets the California Standards for the Teaching Profession (2)	Meets the California Standards for the Teaching Profession (3)	Consistently Exceeds the California Standards for the Teaching Profession (4)
STANDARD ONE: Engaging and Supporting All Students in Learning	Teacher confines instruction to materials in text and uses a limited range of instructional strategies. Skills may be presented in isolation and with little opportunity to assess prior knowledge or apply new learning to problem solving situations. Other components of this standard are not evidenced.	Teacher occasionally builds on prior knowledge and life experiences in designing lessons. Multiple learning strategies may be used to engage students in thinking within and across subject areas. Students begin to apply few new skills to real life problems.	Teacher routinely assesses background knowledge and designs activities to build or correct inaccurate knowledge. Learning activities are selected from a wide range of experiences to meet the learning styles of groups within the class. Students are encouraged to ask critical questions and view problems from different perspectives when problem solving. Students take an active part in correcting and reviewing their work, with some opportunities for peer evaluation.	Teacher regularly designs motivational openings for lessons that engage, assess, and build background knowledge, and continues to assess throughout instruction. In addition to having well planned lessons, the teacher is able to take advantage of unexpected events or to modify the lesson effectively when students are not succeeding. Students pose relevant questions and consider other viewpoints when reflecting and evaluating content in meaningful contexts that encourage application of skills. A variety of activities are planned that help students make decisions about managing time, materials, and learning activities, leading toward autonomous learning.
STANDARD TWO: Creating and Maintaining Effective Environment for Student Learning	Teacher demonstrates limited skill in establishing and maintaining a safe learning environment in which all students are treated fairly. Other components of this standard are not evidenced.	Teacher maintains a safe learning environment. Teacher institutes some routines and procedures that promote interactions between teacher and students and among students.	Teacher creates a safe physical environment that engages all students and promotes the effective use of instructional time. Teacher institutes and models procedures and routines that are consistent and clearly understood by all. Classroom environment and climate promote social development and group responsibility as well as support student learning.	Teacher facilitates multiple learning opportunities in which students take responsibility for creating a safe environment that is conducive to learning. Teacher ensures constructive interaction, students working independently and collaboratively. Teacher maximizes effective use of time and resources.
STANDARD THREE: Understanding and Organizing Subject Matter for Student Learning	Teacher exhibits limited working knowledge of subject matter and student development. Other components of this standard are not evidenced.	Teacher uses some subject matter knowledge and student development knowledge to organize curriculum to facilitate students' understanding of the basic central themes, concepts, and skills.	Teacher uses a good understanding of subject matter and student development to interrelate ideas and information within and across subject areas to extend student's understanding.	Teacher uses a strong knowledge of subject matter, student development, instructional resources, and teaching strategies to make subject matter accessible to all students and to help students understand the central themes, concepts, and skills within the subject area and across subject areas.
STANDARD FOUR: Planning Instruction and Designing Learning Experiences for All Students	Teacher rarely sequences curriculum and designs long and short term plans. Other components of this standard are not evidenced.	Teacher generally plans instruction without drawing upon students' backgrounds. Occasionally establishes class goals with regard for student experience, language development, and home and school expectations.	Teacher's plans incorporate related subject matter knowledge, reflect grade-level curriculum expectations, and effectively use a variety of instructional strategies to promote learning goals and connect with student experiences and interests. Teacher routinely assesses student progress and modifies instructional plans to adjust for student needs.	Teacher creates long and short term plans and helps students take ownership of challenging goals that are enriched by student background and experiences, guided by state and local standards and grade level expectations. Teacher modifies and adjusts plans and goals according to student achievement, as measured by ongoing assessment and student interests.
STANDARD FIVE: Assessing Student Learning	Teacher collects information about student performance from a single or limited source. Other components of this standard are not evidenced.	Teacher collects information from a variety of sources, including formal and informal assessments without consistently utilizing the results to adjust instruction.	Teacher uses a variety of sources to assess students and involves students in assessing and setting goals based on an examination of their own work. Teacher uses available District tools to assist in assessment, analysis, and communication of student learning in a timely manner. Teacher adjusts instruction and learning activities based on assessment.	Using a variety of sources and available District tools (including students' assessment of own work) and based on clearly articulated goals, teacher assesses student achievement and communicates results with parents, support staff, and students. Teacher (sometimes teacher and students collaboratively) continually adjusts instruction and learning opportunities to more closely fit student needs. Teacher guides students in setting and adjusting independent learning goals based on collaborative examination of students' work.
STANDARD SIX: Developing as a Professional Educator	Teacher minimally collaborates with colleagues or the broader professional community to support student learning. Teacher does not work collaboratively with families to support student learning. Teacher manages professional responsibilities marginally. Other components of this standard not evidenced	Teacher occasionally collaborates with colleagues or the broader professional community to support student learning. At times, teacher works collaboratively with families to support student learning. Teacher manages professional responsibilities occasionally.	Teacher reflects on personal teaching practices and actively engages in planning personal goals for professional development. Teacher demonstrates effective interpersonal communication skills within the school and larger community. Teacher manages professional duties proficiently. Teacher works effectively with families to support student learning.	Teacher has leadership role in creating professional working relationships with staff and in the larger school community. Teacher seeks learning opportunities and professional contacts to enhance classroom practice and school goals and to expand and deepen personal repertoire of skills and strategies.
