North Cow Creek Education Foundation

Working Together for All Students

Revised: 9/8/2016

The North Cow Creek Education Foundation (NCCEF) is a not-for-profit, 501(c)(3), organization whose mission is to support to our students, school, staff by providing ongoing funding, volunteer time, and opportunities for a variety of in- and out- of school academic experiences, including field trips, by sustaining a tax-exempt organization, which serves as recipient and protector of school related donations.

Currently the NCCEF holds three major fund raisers per year- the "Taste of" night that is focused on funding our music program, the Fall Festival that focuses on community engagement and class fund raising, and the Spaghetti feed and Live Auction that supports classroom expenditures and Foundation priority areas.

Every dollar raised or received by the Foundation is used to promote the Foundation and to support North Cow Creek School classes or programs at a 1:1 ratio. No salaries or payments for service are made to any member of the Foundation.

BY PARENTS- FOR STUDENTS

The North Cow Creek Educational Foundation is where parents,

families, and community members can get involved in supporting NCCS and meeting other NCCS parents. The Foundation has funded activities such as the Fall Festival, Barnes & Noble Literary Contest, Father/Daughter Dance, Mother/Son activities, Jog-a-thon/Read-a-thon, Book Fairs, and the Teacher Luncheon.

In addition to these fun activities, the Foundation raises funds through events, like the Annual NCCS Dinner and Auction, to grant to the various programs of North Cow Creek School, including technology, field trips, intervention programs, elective classes, and visual and performing arts.

Membership packets are available throughout the year and can be picked up in the NCCS Office.

The North Cow Creek Education Foundation mission is to:

- To help North Cow Creek School;
- To encourage the friendship and social interaction of parents and staff members of NCCS and those within the larger community;
- To grant funds to teachers, community members, or others who have submitted qualifying requests for programs to assist in the education of or for the benefit of the students of North Cow Creek School; and
- To invest in the long-term capital account to ensure a highly functioning, well funded program to invest in the continuing quality of education at NCCS.
